

1948 Float Starts To Materialize

Rumors to the contrary, Sierra Madre WILL have a float in the New Year's parade at Pasadena says Mayor Milton Steinberger.

Sierra Madre was one of the first cities in the San Gabriel Valley to fill out an entry blank with the Tournament of Roses and has seldom if ever missed entering a float.

Mayor Steinberger states that considerable interest is being taken and a meeting will be called for sometime next week to appoint committees and set in motion the machinery for a successful entry.

R. C. Lewis will be drafted again for treasurer, the Mayor said, with Frank Spencer, Francis Eakman and others on the finance committee. J. C. Hansen, wholesale florist, owner of large gardens south of the Monterey, has agreed to supply the flowers.

Alfred J. Dewey will have charge of the designing and expects to have a working model ready by next week. He has made a tentative announcement of the theme for the 1948 float as "The Pony Express" in line with the Tournament theme, "The Golden West" for this year's parade. Mr. Dewey has been instrumental in building, designing and arranging for the Sierra Madre Float since 1926 and every entry has been a credit to the city.

The mayor says that we have the equipment. The automobile which is used for this event only will be in splendid shape, the city employees will soon be getting it tuned up for its yearly trip.

The community should take this enterprise as an individual responsibility and be ready (as it always has) to back the mayor and Mr. Dewey 100 per cent.

Yes! It's True

Mrs. Wandalee Thompson, 100 Lowell, was driving East on Grandview Tuesday morning when two deer, a young buck and a doe, ran from the side of the road in front of her car, at about 891 E. Grandview. Both deer were killed and Mrs. Thompson's car was badly damaged.

It is understood that the Forest Service took the deer and Mrs. Thompson didn't even have the chance at deer steaks for dinner to partially make up for the damage to her car.

Mrs. Isobel Stradley former assistant librarian at the Mill Valley Library has taken the place of Mrs. Marguerite Addis who resigned at the Sierra Madre Library.

FATHER EUSTACE VISITS PARISH

Father Eustace Eilers, C. P., flew in from Ensley, Alabama, a few days ago for a two week visit with his many friends in Sierra Madre. He was a former assistant to Father Leo Scheibel at St. Rita's Church for several years.

P.T.A. MEMBERSHIP DRIVE URGES FATHERS TO TAKE ACTIVE PART

The P.T.A. membership drive is to be held during the week of October 14th to 22nd, during which a contest is to be held at the school, with special awards offered to the classrooms bringing in the largest number of memberships, and to the classroom having the largest men's membership, according to Mrs. Everett Carver, membership chairman. In addition, all classrooms having 100 per cent memberships are to be treated to a special movie show. The 50c dues include membership in the local unit as well as the State and National Congresses of Parents and Teachers.

This year, emphasis is given to men's membership because of the need of more active participation of fathers in P.T.A. Just as it takes the co-operative efforts of the father and mother to make a good home for children, so does it take the joint work of both men and women to make Parent-Teacher function at its best. Fathers have come to realize, too, that they have a vital part in the work of the

Mayor Milton Steinberger received an invitation from Mayor Reuel Brown of Monrovia, asking him to extend to the people of Sierra Madre the opportunity of attending the open meeting to be held in Monrovia, Wednesday evening, October 15th at 8:00 in the Monrovia-Arcadia-Duarte High School Auditorium.

The speaker will be the Hon. Wm. R. Quinn, Tax Assessor of Los Angeles County who will discuss the question of taxes.

SIERRA MADRE BOY SCOUTS and their leaders working like beavers as they cleaned the gateway of Sierra Madre. The stretch of highway, Sierra Madre Blvd., was cleaned of rubbish, garbage and trash, from Michillinda west to Villa.

THE JOB IS DONE!

Sierra Madre Boulevard from Michillinda to Sierra Madre Villa was a bee hive of Boy Scouts, men, and trucks Saturday morning when the boys with their leaders cleaned up the debris on either side of the street which has been accumulating for several years. This strip of the boulevard with no habitations for a mile has been the dumping ground for all manner of refuse, garbage, bottles and tin cans. It has been an eyesore to Sierra Madreans. It was a shocking entrance to a city of beautiful trees and homes.

The boys were encouraged during the hot morning by refreshing iced soft drinks and ice cream bars sent down by the Sierra News Stand and Pratts Market. The Swan Dairy a short distance from where the boys worked treated them to cold orange juice. The City of Sierra Madre and the Pacific

Electric Railway provided trucks for taking away the debris.

Scouts participating in the clean-up were: Daniel DeBillis, Paul Caron, Bruce Archibald, Don Parker, Dwight Scholtz, Eddie Cutler, Jack Carver, Bill Sparks, George Carlson, Jay Vernon, Wesley Shipway, Jim Crane, Jimmy Tice, Richard Ward, and Leland Ballenger.

The leaders: C. R. Borneman, Milton Goldberg, E. W. Carver, Edw. Cook, Lewis McClelland, and Harry E. Morley.

Tryouts For S. M. Theatre Activities

Try-outs for a Christmas play and a new "Gay 90's" will be held at the Park House Tuesday night, October 14th at 8:30 o'clock. This will be the first meeting of the Tin Barn Players under the supervision of Virginia Timberlake (Mrs. J. Milton Steinberger) who desires to get the community play activities underway for Fall productions.

All interested in any phase of the Theatre are welcome, actors, (and those who would be) readers, designers, carpenters, painters and especially singers and dancers and those who would like to dance. These sessions will be for serious work at rehearsals with always a jolly time following. There is no age limit in the Theatre where often mere beauty is a handicap.

Red Cross Chapter Asks 260 Donors to Volunteer

Thursday, October 16th, a week from today the American Red Cross Mobile Unit will visit Sierra Madre to collect whole blood donations. This is the first time the unit has been here since June, 1945, when it came for plasma to be sent to overseas wounded.

The local need for whole blood has reached the "critical" stage. It is needed for blood transfusion use in Veterans Administration hospitals. More of these hospitals are located in Southern California than any place in the United States.

Several times the reserve refrigerators holding blood collected by the Red Cross have been so low that employees of the hospitals have been mobilized to donate so that recovery of our war wounded could be hastened.

SURGERY AND TRANSFUSION

One thousand pints of whole blood needed each month! That is the minimum requirements of only two Veterans Administration hospitals in this area. For most of us the war ended on V-J Day, but for thousands of veterans in Southern California hospitals the fighting is not over.

Warriors fighting it out in hospital beds—eager to get home to their loved ones—eager to get back to their old jobs—are being delayed in too many cases for lack of whole blood transfusions. Plastic surgery

ery is preparing these men for civilian life. There are hundreds of patients lying for days with their arms strapped to their faces that new skin may cover a terrible scar. Such surgery is done in a series of many operations and blood transfusions are needed to go hand in hand with the surgery for quick recovery.

YOUR BLOOD IS NEEDED

There is no substitute for human blood, it cannot be compounded or manufactured as other medical products. The only available source of whole blood is the veins of people. Those who give thus intimately of themselves must be moved by the highest humanitarian motive.

CIVILIANS NEED BLOOD!

While the great value of blood transfusion in the saving of lives has long been known, the uses developed since the war far surpass anything previously discovered about MIRACLE BLOOD.

But the cost of whole blood and blood derivatives available commercially is greater than most families can afford to pay. Unless Red Cross is able to provide it FREE, such help simply cannot be given to many of the men, women and children in community hospitals today.

"Donors giving blood for transfusion use in Veterans Administration and civilian hospitals at the Red Cross Blood Donor mobile unit, visiting here on October 16th, not only will be continuing their patriotic duty, but will be assuring an emergency source of blood for themselves and their families should the need arise," said Dr. John L. Woehler, local chairman.

"Each donor will be establishing a credit of the amount given against which he or a member of his immediate family will be able to draw in any hospital approved by the Los Angeles County Medical Association," Dr. Woehler declared. At the same time he pointed out that donors also will be gaining the knowledge of their own blood type and Rh factor which is tabulated on their credit card.

Sierra Madre Volunteer Fire Department Suggests "Don'ts" In Fire Fighting

KEEP THE FIRE HAZARD LOW; CALL FIREMEN

There are several features of home fire fighting which must be remembered.

The FIRST is never attempt to fight a fire in a basement or cellar which become filled with smoke. The fumes are poisonous and the lack of air may quickly overcome a person.

SECOND: Don't try to enter a room where much fire is in evidence.

THIRD: See that everyone is out of danger.

FOURTH: Remember that a woman is not dressed for fire fighting, and that cotton dresses quickly ignite. A human life is worth more than any building or your trinkets.

FIFTH: Money spent on FIRE PREVENTION, such as ash trays, good wiring, repairs, metal waste baskets, fire-resistant roofs and fire proof ceilings in the cellar is more worthwhile than that spent for extinguishing equipment.

SIXTH: Insurance will pay for losses. Keep it in good standing, be careful of hazards and call the fire department, but don't ask the women and children to endanger their lives with fire fighting. Keep the FIRES OUT and we'll all be better off.

For all your days prepare,

to be disastrous. Eh?)

THE OLD JOINT HAS BLOS-
SOMED FORTH with a new awn-
ing. An awning is a canopy in
this big, little store, and as such
merits senior rating. A bit gaudy

SOME OF MY COLLEAGUES
ARE COMPLAINING about busi-

high quality at consistently low

NOT TOO INCIDENTAL IS
THE item of parking. Even in
Oroville this has become a prob-

is ample parking space, both
front and rear, here on the Cor-

sidewalk or in front of the drive-
way to shop here. However, if
you do, chances are you will get
a ticket from one of our affable
cops—though you may have to
talk him into it!

YOU SHOULD KNOW BY
NOW THAT every week end we

fanfare I offered you GOOD
lima beans at 3 lbs. for 19c, a
price lower than that advertised
by any of the "hot shots", and
you did not buy enough of them.
Weren't you hungry for lima
beans—or what?

BEING ORNERY BY NATURE,
THOUGH PLEASANT in my con-
duct, I like to keep you guessing.
So I will try again, but with less
subtlety: THIS WEEK my offering
will be fancy Blue Lake Green
Beans and mediocre Oak Glen
Rome Beauty Apples. I don't
know what the guys in the other
departments will have to offer,
but I'll bet it will be worth
while. Just look around for the
special tags.

Law Looks At Hot Rodders, Finds Them Fast, Furious

Additional restrictions on "hot rod" owners, many of them high
school youths returning to classes this week, become effective

The 1947 Legislature placed several curbs on drivers of the
roaring, stripped-down "rods,"
principal of which was a pro-

S. M. Scout Troop Adopts Manila Lad

Hanz Gutherz scoutmaster of Troop No. 3 of the Congregational Church tells of an unusual endeavor the boys have become interested in. Last year when clothing was collected in the big drive and sent to war devastated areas, a Boy Scout living near Manila in the Philippines wrote a letter of such genuine appreciation to Troop No. 3 for the clothing which happened to come from here the boys voted him as their absent mascot.

The boys intend to provide their friend with more needed clothing and are making an appeal for Scout clothing and equipment. If families having boys' clothing which they have no further use for will get in touch with any member of the troop or leave such clothing in the Scout room at the Congregational Church any Wednesday night, the boys will see that the Philippine scout has the material. If there is more than he can use he surely will have friends to share it with.

KERCHEIFS SHOW COLORS

Reflective of the flamboyant mood of fashion today, is the new fall selection of Bloch Freres handkerchiefs. Fall hankies tend to be large, loud, and abstract. Colors are mostly off-shades of the brighter hues: blue-green, rust, wine, and purple predominating.

Foremost for fall is a series of fifteen inch squares in which the fall colors are carried out in completely abstract designs—dashes, dots, and daubs arranged with most affective irregularity. Another exciting series introduces a good-luck theme, rows of horseshoes, parades of white elephants, and other symbolic figures being woven into the design. Even larger and more festive is a series of 21 inch hankies of fine French cotton.

These kerchiefs feature massive floral designs surrounded by a wide white border. Some have as many as 18 colors with the most emphasized hues purples, pinks, and blues.

A family of elements of the periodic table which may have existed at the time the earth was formed but are not extinct has been explained by University of California atomic research studies.

SPEED COURSES IN SHORTHAND NOW AT M.A.D.

A shorthand system easier and quicker to learn? Dictation speeds of 80 to 120 words in half a school year? These are the rewards William H. Feeler, Principal, Monrovia-Arcadia-Duarte Night School, outlines in announcing the inauguration of a course in the new Thomas Natural Shorthand. Classes will be held at the high school Monday and Wednesday, 7:00-9:00 P. M. Enrollment will be made Monday, September 22. Instruction will be given by Mary Hill Anderson, a graduate of the Commercial Teaching Department at UCLA.

In 1777, James Madison, who later became President of the United States, refused to treat the electors to rum and punch, after the custom of the time; consequently, he was not re-elected to his state convention.

Community Nursery School Rates Pat On Young Back

Sierra Madre was in the spotlight at the recent conference of the National Association for Nursery Education at San Francisco, Mrs. Marjorie Green, director of the Sierra Madre Community Nursery School, reported to the school's board of directors last week.

The school, now entering its sixth month, was singled out for comment by Mrs. Molly Morgenroth, president of the Southern California section of NANE in an address before the conference.

"The community of Sierra Madre is doing a remarkable piece of planning for its young children," Mrs. Morgenroth said. "Not only do they have a community-sponsored nursery school of highest standards, but they have a nursery school association dedicated to the professional improvement of its members."

Enrollment in the school has reached a new high, Mrs. Dixie Tiller, president of the Sierra Madre Community Nursery School association, reported to the Board. A total of 40 children between the ages of two and five are now in regular attendance as tuition-paid or scholarship students.

Two new members have been appointed to the school's board of directors, to replace Mrs.

Peter Ward and Mrs. Victor Vesey, who resigned because of the press of other duties. The replacements are Mrs. Hugh F. Colvin and William K. Keith. Full membership of the board, in addition to the latter, includes:

Mrs. Tiller, William Kinney, Harlan Ware, Mrs. Clay Reavis, Miss Elizabeth Steinberger, Mrs. Howell N. White, Jr., Mrs. Milton R. Goldberg, Mrs. John Bush, Dr. Nathan Jacobs, Mrs. Rodney Hoyt, David A. Young, Mrs. Guy Bettencourt, and Mrs. Herbert Kelley.

UCLA RECEIVES FAMED VAVRA BOTANICAL GARDEN

The Los Angeles campus of the University of California today finds itself the proprietor of what has been described as "one of the finest botanical gardens in the West," with the announcement that the famed \$100,000 Bel-Air estate of the late A. Stephan Vavra was donated to the University by his widow.

Yield and quality of raisins are improved by harvesting grapes at full ripeness, says a University of California College of Agriculture investigator.

**BELLING
BABY TALK**

By Maxine Belling

YOU MEN light your smelly
old pipes and scam over to
the sports page again please
... we're going to talk about
DOLLS that have just come
in at the Belling Baby Shop.
A special kind of dolls that
have become very famous in
just a few years... Nancy
Ann Storybook Dolls...
"wee dolls for wee collectors."
They're 3 1/2 to 7 inches tall,
and the biggest family of lit-
tle girls I ever heard of...
over 200 sisters and cousins,
and every one a cute idea.
For instance, "Rain Rain Go
Away" has a cleverly design-
ed rain cape and umbrella of
actual rain cloth. There's
a fairy tale series, a Mother
Goose series, nursery rhyme
series, brides and brides-
maids, and even dolls of the
day, month and season. "Sat-
urday's Child Works For A
Living," "Flower Girl For
May," and so on and on and
on. The costumes are beauti-
fully designed and made, the
colors are stunning. A row of
them on a shelf in a little
girl's room certainly looks
cute.

OH YES, we'll sell the Story-
book Dolls if you insist, even
though we do love to keep
them here. They range from
1.15 to 1.95 each, individually
packaged in a nice polka dot
gift box. And they do make
such nice Christmas gifts.

THESE COOL NIGHTS have
started big business in flann-
el pajamas at the Belling
Baby Shop, and we're well
prepared for you. One popular
style, with button-on pants
with feet, has TWO pair of
pants... you know, if you
have to change pants during
the night there's another dry
pair without taking the pa-
jama top off. Two pair mean
longer wear too. These are
pink or blue, size 1 to 4, and
they're priced 1.95. The fa-
mous "Lambie Pie" cotton
flannel pajamas also button-
on, with feet, but just one
pair of pants, are 2.50.

A NUMBER OF CUSTOMERS
have been calling about white
petticoat blouses to wear with
school uniforms. We have 'em.
White cotton, eyelet embroi-
dery trim, sizes 4 to 6 and 7
to 12. They're 3.95.

That's the way it is at the
Belling Baby Shop. Customers
call us from all over, and if
we don't have it, we GET it.

Mr. and Mrs. McGill presented a beautiful oil painting of the Wistaria Vine along with an oil portrait of Mrs. W. J. Lawless to the club as a permanent gift. RECEPTION SUNDAY AFTERNOON HONORS 50th WEDDING ANNIVERSARY OF COUPLE

Sunday afternoon Mr. and Mrs. Edson Smith were the center of admiration when they received more than 80 guests in their home at 555 West Montecito. The reception was planned and given by their son and daughter-in-law, Emile and Mrs. Smith.

The couple greeted friends and neighbors along with their immediate family including Mr. and Mrs. Leo Smith and son, Richard of San Clemente; daughter and husband, Mr. and Mrs. Alvin Finn of Arcadia; their Sierra Madre grandsons, Raymond; Larry Hockinson, son and daughter Joyce and Jack of Monrovia whose wife and mother was the late Marguerite Smith Hockinson who passed away last summer.

Mr. and Mrs. Smith received their guests before the living room mantle banked with gold dahlias, yellow roses and palms. Mrs. Smith was a charming bride of 50 years. She wore a dress of shell pink crepe and a corsage of yellow roses. The couple were married at Bristol, Connecticut in 1897 and came to Sierra Madre in 1922.

Dinner was served at five o'clock from a table decorated with gold candelabras, two large turkeys and a wedding cake designed with lacy icing and gold leaves. The guests were served throughout the house and yard by Mr. and Mrs. Emile Smith assisted by the grandchildren.

OLD STORY OF NEW PARSONAGE

The new parsonage selected for Reverend Carl Smith and family, of the Congregational Church, is the Trasker M. Webster home, 101 Bonita. Mr. and Mrs. Trasker Webster planned and built the splendid old home, and came there in 1906 as bride and groom from Oakland, California. A builder and contractor by trade, Mr. Webster built the house very sturdily, as well as planting many trees about the yard.

When Mr. Webster passed in 1929, the people to whom Mrs. Webster rented remarked that living there, one felt that it must have been a very happy home. Mrs. Webster now lives in a small house in the rear, and the front house is occupied by Mr. and Mrs. W. P. Stratton, who are moving to Oakland.

Repairs will be made and some necessary painting done, and as it is still in escrow, it will probably be December before it is occupied.

KIWANIS OBSERVES 20th ANNIVERSARY IN SIERRA MADRE

Fire Prevention Week was observed at Kiwanis Club Tuesday noon with Fire Chief James Heasley in charge of the program. He introduced Senior Deputy State Fire Marshall Richard Hamel who gave an impressive address on fire prevention. He emphasized the need for school drills and listed as the greatest culprit in starting of fires as matches, misuse of gasoline and cleaning fluids, defective wiring and appliances. R. C. Lewis, a Kiwanian and president of the local Red Cross Chapter introduced Mrs. Mae DeWright assistant chairman of the blood donations. Many of the club members signed up to donate at the coming Blood Bank.

Pres. Bob Green called attention to the 20th anniversary of Kiwanis in Sierra Madre. Four charter members were present, Dr. A. O. Pritchard, Frank Spencer, Chas. Klunk and Milton Steinberger.

Eugene Lunsford will be in charge of the program next week when the club meets with the Arcadia group on Wednesday. No Tuesday luncheon here. Richard Lees was introduced as a new member and Al Foxton of the Chevron Standard Oil Station was a guest.

ABOUT CONGESTION

If you have to disconnect the radio to plug in your vacuum sweeper, or keep one corner of a room in the dark because there's no place to plug in a lamp, you have a traffic jam. And it can't be solved with a network of cords, because trailing cords are unsightly and dangerous.

A better way is to provide enough outlets to ease the congestion. Your appliances will work better and more efficiently. You'll have fewer fuses to replace. You can arrange your furniture the way you want it. You'll have a neater, safer and more livable home.

The future holds even more for you in electrical convenience. So you'll be wise to plan for it now. Be sure your home plans include enough electrical outlets for present and expected lighting needs. Call your nearest Edison office for advice on adequate wiring.

DONORS BUILD TRANSFUSION CREDIT FOR SELF AND FAMILY

Residents of this community planning to donate whole blood when the Red Cross Unit visits here are urged by assistant chairman, Mrs. Mae DeWright, to be sure to make a definite appointment. The need for scheduled appointments cannot be stressed too much; such a system will greatly facilitate activities at the headquarters and "do please keep your appointment," continued Mrs. DeWright.

The Mobile Unit will be at the Woman's clubhouse from 3:00 until 7:00 Thursday, October 16. The use of the clubhouse has been donated by the Woman's club the same as it was during the war. There will be baby sitters to care for children of parents while donating.

Mrs. Florence Peterson, executive secretary of the Sierra Madre Red Cross Chapter, is available at the Chapter house, 41 South Baldwin Avenue, to make appointments or answer any questions which you may desire to know or inquire about.

Make an appointment today! The Red Cross Blood Donor mobile unit will visit Sierra Madre on October 16th. You can hasten the recovery of a wounded veteran by making an appointment to donate a pint of your blood during its stay here. Make your appointment by calling local Red Cross, CUster 5-6183, immediately.

fic violation. A warrant is served on him. . . When two older brothers put the younger one thru the usual brotherly love

hostilities, there was tumultuous uproar and wailing. "Help!" and "bloody murder!" were mild yells that filled the air with excitement to the extent that a neighbor lady called the cops. When threatened with a possible visit to the City Hoosegow, the boys slowed down.

Fire permits, loud radios, barking dogs. . . A noisy party in the street at 12:20 a. m. is just too much. A group of ex-service boys got together for a good time. They had it, but all good things must end. . . A local 12-year-old is held in Up-land for his parents to come and get. This was at 3:10 a. m. Pretty late for such a young man to be out. Brooklyn is giving the Yanks quite a time.

Lost ring. . . Small school children are causing a little worry to the mothers and the cops. . . Lost watch. . . Lost diamond. . . Sierra Madre department called to a fire east of Santa Anita Avenue. Small fire extinguished in a hurry. . . Bottle busted after being battered by one of our thoughtless bad boys. Before he began his backdoor exit, big men saw him and he will be brot back. (You can't throw bottles in the street.) And why should you, if you were the least bit thoughtful of others.

"Baby alone in house and crying." Lewis and Chunn there in a hurry. A beautiful blonde girl answered the door and explained that she had just been bathing the baby and he didn't like it. . . Another local boy fails to "show up" in Pasadena at designated time for a traf-

fic violation. A warrant is served on him. . . When two older brothers put the younger one thru the usual brotherly love
